# Where tradition meets taste Straight from the heart of Kashubia

## Dagoma - Honoring Tradition & Modern Flavors

Established in 1880 as Degner und Ilgner GmbH, our brand has a rich history steeped in tradition. Before the turmoil of the Second World War, proudly produced canned vegetables and marmalades under the Dagoma name, earning accolades at international fairs.

Today, Dagoma Sp. z o. o., located in Puck, continues this legacy of excellence since 2001. Born from the reorganisation of the original Dagoma company in Gdańsk, boasting over 50 years of fruit and vegetable processing expertise, we remain dedicated to crafting preserves, ketchups, and mustards using traditional recipes deeply rooted in the Kashubia region.

Our mission is to infuse our products with the distinctive flavors of our region and to showcase them not only across Poland but also on the global stage.

While honoring tradition, we also embrace modernity and progress. We meticulously select high-quality raw materials for our production, ensuring that each product delivers an unparalleled taste experience.

At Dagoma, we pride ourselves on harmonising tradition with innovation, making us a unique and trusted name in the food industry.
